~Sales Agent Japanese Nationwide Wanted from July 1! ~**

Good Life Planning Co., Ltd. (located on Tomihara 3697-1, Kita-ku, Okayama-city, Okayama-pref., Japan, CEO & President: Kazuko Fukushima) now starts selling 100% Cacay Oil made from Cacay Nuts of Colombia.

In order to promote this product, we are looking for sales agents nationwide from July 1.

【Mysterious oil that has been loved in the Amazon region since ancient times for beauty and health】

Cacay nuts have been loved by the people living in the Amazon region since ancient times not only as food but also for beauty and health. More than 50% of the oil which is squeezed from the seeds of Cacay trees is vitamin E. It also contains Linoleic acid twice than Argan oil, and three times of Retinol than rosehip oil.

It is said that its superior effect in beauty is effective for skin dark spots, wrinkles, and flabbiness. Moreover, it can be expected not only skin beautify effect but also whitening effect and skin regeneration. In recent years, the secret of its efficacy has been proved by Derma Consult GmbH, a medical research laboratory based in German.

Cacay oil is the mysterious present brought to Amazon by plenty of the grace of the sun and nature.

※According to the test data of Derma Consult GmbH.

【Product Features】

- Cacay Oils is (100%) extracted from the seeds of Cacay trees.
- It is a serum containing plenty of Vitamin E, Linoleic acid, and Retinol.
- Cacay nuts have been loved by the people living in the Amazon region since ancient times for the beauty and health effect.

More than 50% of the oil which is squeezed from the seeds is vitamin E. It contains Linoleic acid twice than Argan oil, and three times of Retinol than rosehip oil.

- ECOCERT certification has been acquired.

※ECOCERT is a French international organic certification organ. Established in 1991 by a group of agronomists, based in Toulouse, France. It is a third party organization that strictly inspects and certifies whether a product meets the organic standards stipulated in Europe.

① The function of vitamin E

Vitamin E has a strong antioxidant effect. It is involved in keeping the function of biological membranes normal, preventing hemolysis of erythrocytes, and maintaining reproductive health. Because it has the function to prevent various aging of the body, it is also called "vitamin of youth".

② The function of Linoleic acid

Linoleic acid is an essential fatty acid that cannot be synthesized in the human body, beneficial in moisturizing and anti-inflammatory effects. It prevents evaporation of moisture from horny matter and enhances the barrier function of the skin.

③ Function of Retinol

It activates fibroblasts that produce collagen and elastin, as an anti-aging ingredient that has an effect on dark spots, wrinkles, and flabbiness.

■The following effects can be expected.

- 1) Moisturizing the skin, preventing aging such as wrinkles and flabbiness.
- 2) Keep the skin healthy.
- 3) Make the hair shine.

Its superior effect in beauty is effective to the dark spots, wrinkle, and flabbiness. Not only beautify the skin, but also keeps the skin healthy, and it also works for whitening effect and skin regeneration.

In recent years, the secret of its efficacy is gradually being proved. Cacay oil combines the characteristics of some rare luxury oils and is also called "vitamin of youth".

We import Cacay oil directly from Colombia. Non-GMO, Synthetic preservatives are not used. And CMR (carcinogenic, mutagenic, reproductive toxic) substances are not used in this product.

This oil is manufactured by a cold press manufacturing method without any process of heating. In extract process, no use of any additives such as solvent, perfume and so on. There is a little scent of the Cacay nuts. It is not an abnormality of quality.
